NATIONAL E-MAKTAB

Many students in our country lack access to moral education, which is essential for becoming responsible and productive citizens. Parents often struggle to impart values due to their busy day-to-day lives. However, Junior Words offers a solution to shape your son into a responsible Muslim through their Islamic and moral curriculum. By utilizing technologically advanced teaching methods, Junior Words enables students from all over the country to attend and learn classes at their convenience.

Junior Words provides a unique e-learning experience for students, making it easier for parents to guide their children.

About Us

Junior Words National E-maktab is a virtual platform for moral schooling specifically designed for students from the Indian subcontinent. The school provides a comprehensive 5-year learning program that includes student-friendly study materials, highly efficient video classes prepared by top teachers, and live sessions facilitated by trained mentors. Junior Words National E-maktab is run by HADIA Center for Social Excellence under HADIA which is the Alumni Association of Darul Huda Islamic University. The primary aim of Junior Words National E-maktab is to deliver high-quality moral education through an easily accessible and interactive virtual platform, promoting the holistic development of students and fostering strong moral values.
